Dear Colleague,

Please see the email below regarding a request for placements for Lancaster University students. This email won't be relevant to many of you but if your council is considering or undertaking a significant project, it may be worth sharing the email below with your councillors. The university of Lancaster is looking for relevant placements for their Environment Centre students – there is more information on the links attached below. Or if your council would like more information, please get in touch with Barry Simons below.

Kind regards,

*Samantha*

**Call for Environment Centre Student Projects**

Do you have an interesting idea but no time, money or resource to follow it through? Students can provide an excellent resource to your business or organisation for little or no cost. There is now a call for Lancaster Environment Centre student projects for the next academic year, with a deadline of **30<sup>th</sup> September 2019**. Students will work on a project of your choosing over a period of several months, delivering data and recommendations to your company or institution on conclusion. Our students are

proactive, passionate and creative and will benefit from academic guidance and support throughout their research projects. Please click [here](#) for further information.

Best regards,  
Apologies for any cross posting.
