

Planning For The Future: White Paper August 2020

Report by the Clerk/RFO

Links to the White Paper and other relevant emails have already been circulated to Members. There are two stages to the consultation one on short term changes which closes on 1 October 2020 and the second on the other proposals for change in the White Paper which closes on 29 October 2020.

The purpose of this report is to enable Members to respond before the deadline to the consultation on short term changes with the view to discussing and deciding whether to respond to the majority of the White Paper at the next Parish Council meeting on 21 October 2020. NALC are asking Parish Council to respond to them so that they can collate a response on behalf of Parish Councils.

Attached are three background pieces of information – a presentation from NALC (Slide 23 lists the proposed short-term changes); ACRE Rural Analysis of Changes; and RTPi proposed changes summarised onto a single sheet.

Members are asked to resolve whether to respond to the consultation on the proposed short-term changes.

Hazel R Broatch
Clerk/RFO
